

Explanation for Experimental Operations STA Request

Summit Public Radio & TV, Inc., a nonprofit, IRS Section 501(c)(3) translator association, hereby requests extension of the STAs to operate the television translators with temporary call signs of K12EK and K08EM for an additional six months beyond the current STA expiration date of March 29, 2020. As explained in detail in previous filings, Summit wishes to provide continued public service while it awaits an opportunity to file for new CPs for these facilities. The stations provide television service to a population that otherwise would not receive the signals of the stations carried because of mountainous terrain. The most recent extension grants were processed in CDBS.
