

**W24ER-D, Clarksville, WV (Fac. Id. 128493)**  
**Renewal Application**  
**EEO Response Explanation**

According to page 28 of the Form 303-S instructions, the EEO public file report required by 47 CFR 73.2080(c)(6) “is required only for those LPTV stations that are part of a station employment unit that includes full-power stations where the unit employs five or more fulltime employees.” W24ER-D is not part of such a station employment unit, and does not itself have five or more full time employees, thus making it exempt per 73.2080(d) from the 73.2080(c)(6) EEO public file report requirement.
