

Multiple Ownership Compliance Study
Cartier Communications, Inc.
WYUL (FM)
Chateaugay, NY
May 2020

Cartier Communications, Inc. (“Cartier”) wishes to relocate WYUL (FM). Because Cartier owns other stations in the area, a Multiple Ownership Compliance Study is required to be certain the proposed relocation is in compliance with Section 73.3555 of the Commission’s rules.

Cartier owns the following stations:

| | | |
|-----------|----------------|----------|
| WICY (AM) | Malone, NY | 1490 kHz |
| WVNV (FM) | Malone, NY | 243 C3 |
| WYUL (FM) | Chateaugay, NY | 234 C2 |

The exhibit “Co-Owned Stations” depicts the city grade contour of all three co-owned stations. The WYUL contour is from the proposed site. The combined area of these stations forms the Subject Area. The Common Area formed by these three signals is highlighted. One radio market is formed by these three stations.

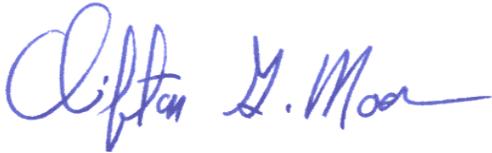

The exhibit “Nearby Stations” depicts the city grade signals of nearby stations that touch the Subject Area. There are 8 nearby FM stations and 3 nearby AM stations that serve a portion of the subject area. Those nearby stations are:

| | | |
|---------|----------------------|--------|
| WKVJ | Dannemora, NY | 209 C2 |
| WMHQ | Malone, NY | 211 A |
| WSLO | Malone, NY | 215 A |
| WCEL | Plattsburgh, NY | 220 A |
| WBTZ | Plattsburgh, NY | 260 C |
| WIRY-FM | Plattsburgh West, NY | 264 C3 |
| WNBZ-FM | Saranac, NY | 292 C2 |
| WPLA | Dannemora, NY | 296 A |
| | | |
| WCHP | Champlain, NY | 760 |
| WVMT | Burlington, VT | 620 |
| WEAV | Plattsburgh, NY | 960 |

The three subject stations now are added to the nearby stations to make a total of 14 services to the market.

Section 73.3555(a)(1)(iv) states: “In a radio market with 14 or fewer full-power, commercial and noncommercial radio stations, not more than 5 commercial radio stations in total and not more than 3 commercial stations in the same service (AM or FM)” may be jointly owned. Therefore the ownership of the three stations (2 FM and 1 AM) that are the subject of this Study in a market with 14 services is in compliance with the Commission’s rules.

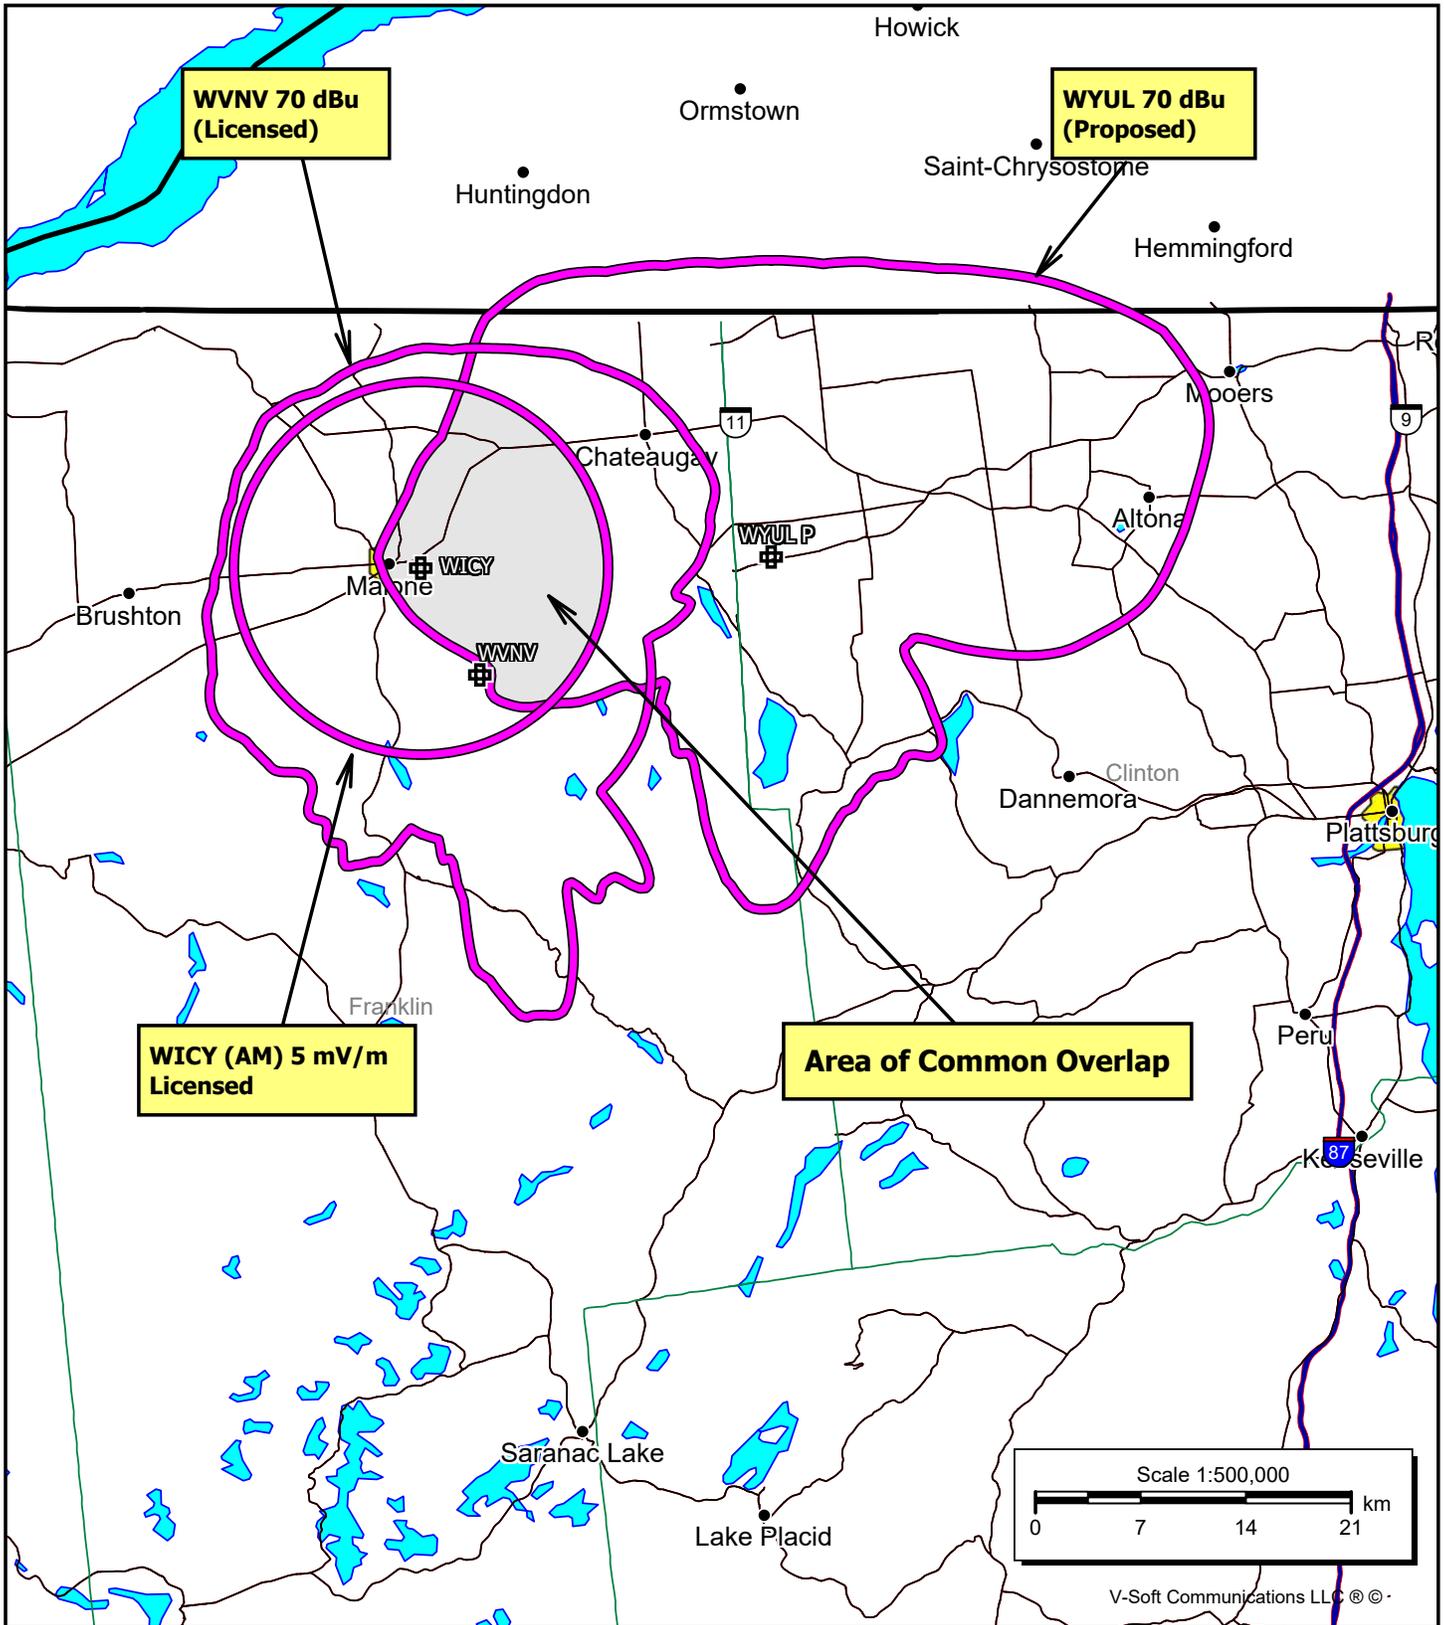

This study was prepared by Clifton G. Moor, President, Bromo Communications, Inc. It is based on publically available information from the FCC. All conclusions and findings herein are thought to be true, accurate and reliable to the knowledge of the undersigned:
