

**FCC Form 303-S
Biennial Ownership Reports Statement**

In consultation with its FCC counsel for the preparation of its Form 303-S License Renewal application, the Station came to understand that it had not filed its 2019 Biennial Ownership Reports on a timely basis. Promptly after discovering this issue, to correct this oversight, the Station filed the necessary Form 323 ownership reports, one as a licensee and another for its controlling entity. The Station regrets this inadvertent lapse in oversight and will institute a closer review and adherence to the Biennial Ownership Reports filing requirements.
