

WSRT Silent Period

Due to financial difficulties which have precluded operation, WSRT has been silent from December 9, 2019, until the present time. It is, however, planned that the license for WSRT will be assigned to MacDonald Garber Broadcasting, Inc. pursuant to an application for consent to assignment of license, File No. BALH-20200228AAS, granted May 28, 2020. Because of the proximity of the grant to the renewal filing deadline, however, it was not possible for the buyer to fund the acquisition and for the closing to take place before the renewal filing deadline. It is planned that the station will return to broadcasting upon assignment of the license, which will take place as soon as possible following license renewal.
