

## W228DN CORNING HIGMAN APPLICATION INFORMATION

This application proposes to modify BLFT-20171106ABQ, the W228DN License and Construction Permit BPFT-20190401AAD. This Construction Permit proposes a minor change to W228DN. This application proposes a different site and antenna. The proposed 60 dBu contour overlaps the original Licensed 60 dBu contour of W228DN. See attached contour map showing this overlap.

It should be noted that this FM Translator proposal will rebroadcast AM station WRCE, Watkins Glen, NY via FM Translator W226BA, Elmira, NY. W226BA will switch its Primary Station to WRCE, Watkins Glen, NY prior to completing construction of the proposed.
