### Request for silent STA

W44DC-D on channel 44 was displaced on 07/13/2020 due to it being on one of the “guardband” channels for the incoming wireless services in the 600 MHz spectrum.

Therefore Ventana Television Inc. submits this request for a silent STA for a period of six months.

This application is in the public interest by enabling W44DC-D to return to normal broadcasting as soon as the facility can be rebuilt on its repack channel 17.
