Audio Certifications

Public File Certification

The WKKC(FM) online public inspection file is complete, with all required items, to the licensee's knowledge. However, over the course of the preceding license term, the station failed to upload certain required files (*e.g.*, issues/programs lists for the first and second quarters of 2019 and 2020) in a timely manner. Since discovering the issue, the problem has been corrected.

Licensee believes that as of the filing of the instant application its online public file is now complete.¹ In making this certification, the licensee has reviewed its public inspection file and has inquired of current employees who are knowledgeable of the contents and maintenance of the licensee's public inspection file. As used in this certification, the phrase "to licensee's knowledge" means licensee's actual knowledge, during the period that the licensee has owned the station, without further investigation other than as described in this exhibit.

¹ Licensee notes that the station's issues/programs lists have been uploaded to the "Additional Documents" section of the Station Information section of the station's online public file, rather than the "Issues/Programs Lists" folder in the More Public Inspection Files section.
