Political File

This Station rarely receives political buys with only approximately 10 in 2020. However, the Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material, the Station determined that it timely uploaded the NAB Form with (in most cases) a written schedule of time purchased. However, the Station did not timely upload a corresponding order showing the times the ordered time aired and any make-goods. The files have now been updated.
