Explanation of Translator License to Cover Filing and Compliance with Special Operating Conditions or Restrictions

1. The applicant certifies coordination with other users of the site to reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
2. The applicant certifies that prior to commencing program test operations, the applicant has on file at the Commission an FCC Schedule 350 Application for an FM Translator License pursuant to 47 C.F.R. Section 74.14.
3. The applicant certifies that prior to commencing operation, the applicant has submitted documentation demonstrating that the translator is able to receive the signal of the primary station specified in this permit directly off-air, pursuant to 47 CFR Section 74.1231(b). The documentation includes the signal strength of the primary station at the translator receive/transmit site, the type of receive antenna utilized. (See attached Off-Air Reception Study)
