Translator Station Silent – Request for Special Temporary Authority

***CBS Operations Investments Inc.***

W26DP-D Inverness, Florida

Facility ID 74116

CBS Operations Investments Inc. (ViacomCBS), licensee of the W26DP-D, Inverness, FL Digital Translator station at Inverness, Florida (the Station), experienced a technical failure on July 17, 2020 beyond the control of ViacomCBS that has made it impossible to continue operating. The outage has had no impact on the antenna support structure lighting.

Replacement antenna parts have arrived but a tower crew is not available to install them until early next month. A realistic estimation of service restoration is September 13<sup>th</sup> or sooner. Per §74.763(b) of the FCC Rules, ViacomCBS seeks special Temporary Authority while repairs are being made. Upon restoration, ViacomCBS will notify the FCC.
