

Notification of Suspension of Operations and Request for Silent STA

KTVA(TV), Anchorage, AK (Fac. ID No. 49632) (“KTVA”), is off the air as of September 3, 2020. The licensee recently sold and conveyed certain programming and related assets to a third-party, including the station’s affiliation and programming agreements. Station personnel have also been substantially reduced as a result of this change. As such, KTVA is without a source of programming at this time. The licensee is currently evaluating long-term plans for the station so that KTVA may in the future return to service and continue to serve viewers in the Anchorage community. Accordingly, the licensee respectfully requests authority for KTVA to remain silent for a period of up to six months.
