SUPPLEMENTAL EXHIBIT

License renewal application with file number 0000122296 was submitted with an error and a new application will be submitted to correct that error. Specifically, the application indicates that WDFL obtained written retransmission authorization from another full service, Class A, or LPTV station and that is not the case. Since WDFL does not retransmit any other station, the question is non-applicable.

Sincerely,

A handwritten signature in black ink that reads "Greg Best, PE". The signature is written in a cursive, flowing style.
