

WFBD, Destin, Florida (Fac. Id. 81669)
Renewal Application
Silent Station Explanation

Radiant Life Ministries, Inc. (RLM) acquired this station on September 23, 2020 and it was silent at that time pursuant to FCC authority granted in LMS 0000117597. WFBD's silent status is due to the ongoing station tower modification and installation of a new antenna, transmitter and transmission line in connection with the post-auction transition of the station from channel 48 to 29. Construction of the channel 29 facilities is continuing and completion is anticipated later this year. When station operations begin on channel 29, RLM will amend the renewal application to change the response to this certification reflecting the change in status.
