

**FCC Form 303-S**  
**Online Public Inspection File Certification Exhibit**

Station has confirmed that its online public file currently contains an up-to-date list of documents, in accordance with 47 C.F.R. § 73.3526(e)(5) (the “Document List”). In the course of preparing this Form 303-S, Station discovered that the entry in the Document List for the credit agreement with Station’s parent company did not reflect the company’s most recent amended and restated credit agreement. However, that document was listed on the Station’s ownership report filed in January 2020 and available to the public in the “Ownership Reports” file in Station’s online public file. Accordingly, Station has certified yes with respect to online public inspection file requirements, but is submitting this explanatory exhibit out of an abundance of caution. Upon discovering this issue, Station promptly updated the Document List. Station has reinforced to its staff the importance of prompt updates to the Document List and is undertaking measures to ensure that amended agreements are promptly reflected on the Document List.
