

### **Purpose of Amendment**

Licensee amends this petition to provide an updated version of Exhibit B, which is the petition's engineering narrative. Based on conversations with Commission staff, Section 5 has been revised and Appendices D, E, and F in the engineering narrative have merged into Appendix D to implement TVStudy terrain limited interference free population studies. Appendices A and B in the engineering narrative have been updated with new TVStudy output using data extracted on October 6, 2020. Appendix C has been updated to add noise limited contours.
