

I am Chris Radicke, a professional communications technician and consulting broadcast engineer with 39+ years experience. I hold a ETA Master certification number CETMA US178. I am familiar with FM translator station broadcast equipment and broadcast tower site installations.

I am independent and unaffiliated with Rocket Radio Corp.

Rocket Radio Corporation asked me to visit and examine facilities authorized and constructed for FM translator station K256DK, FCC CP File No. BPFT 20180625ABP.

Upon personal examination, I hereby certify technical facilities are constructed as authorized by FCC construction permit File No. BPFT- 20180625ABP and consistent with FCC rules and the attached surveyor statement prepared by Joshua J. Dalmacio on Sept 20, 2020.

I have also personally reviewed the instant K256DK application for broadcast license to cover File No. BPFT-20180625ABP and find that it accurately represents station technical parameters as constructed.

I declare under penalty of perjury that the above information is true and correct to the best of my knowledge and belief.

## RADIO TOWER SURVEY

To whom it may concern:

I am Joshua Dalmacio, a professional surveyor licensed by the state of Arizona.

On June 5<sup>th</sup> 2019, I visited the broadcast tower site used by FM translator radio station K246CH/K275CL and measured the height and azimuth of the subject translator antenna and the tower location as follows:

- (1) Antenna Height: 32.67 feet (9.95 meters)
- (2) Antenna Azimuth: 208 degrees true
- (3) Tower location: 33° 29' 33.2" N; 111° 38' 25.5" W

I sign this declaration under penalty of perjury, as true and correct to the best of my knowledge, information, and belief.
