

Next Gen TV Multicast Statement

CBS Broadcasting Inc.

WWJ-TV Detroit, Michigan

Facility ID 72123

CBS Broadcasting Inc. (ViacomCBS), licensee of WWJ-TV Detroit, MI (Facility ID 72123), respectfully requests authorization to commence ATSC 3.0 operations from host facility WMYD(TV) Detroit, MI (Facility ID 74211).¹

The FCC rules permit ATSC 1.0 stations to request approval to transition to the ATSC 3.0 “Next Gen” television standard. This statement shows that the proposed WWJ-TV operation would comply with the coverage requirements in the rules.

ViacomCBS is proposing to continue broadcasting WWJ-TV programming from the existing ATSC 1.0 facility that operates on channel 21.² A “substantially similar” ATSC 3.0 simulcast of WWJ-TV is proposed to operate on channel 31 via Lighthouse station WMYD, which will serve as the host. As the host and guest stations are both licensed to Detroit, MI and are located within the Detroit DMA[®], continued coverage requirements of the ATSC 1.0 and 3.0 signals are assured.³

¹ WMYD(TV) is licensed to Scripps Broadcasting Holdings LLC. Please see LMS file number 0000081119.
