

EXHIBIT

Out of an abundance of caution, licensee notes that on October 29, 2020 the Video Division issued a letter decision denying a request to reinstate and extend licenses filed by DTV America Corporation and HC2 LPTV Holdings, Inc. for low power television stations KYAN-LD, Los Angeles, California; KVTU-LD, Agoura Hills, California; W21DA-D, Dublin, Georgia; WBKH-LD, Tampa, Florida; and KFJK-LD, Santa Fe, New Mexico. As a result of this action, the licenses for those stations were canceled and the facilities were directed to cease operations. The stations ceased operations in accordance with this directive. The staff's action is not yet final.
