December 2020  
Bakken Beacon Media LLC  
Narrative Statement

Bakken Beacon Media LLC's stations work hard to find creative and useful ways to create broad and inclusive outreach. Examples of the efforts made by the stations include reaching out to and participating with tri-state area colleges, as well as inviting youth groups and other interested individuals/groups to our facilities to let them experience the operation(s) in action. Attending Career or Job Fairs has resulted in minimal results for hires or interested applicants.

For additional information concerning the outreach efforts undertaken by stations in this employment unit, see the attached EEO Public File Reports.
