KCRN(AM), LIMON, COLORADO
RENEWAL APPLICATION EXHIBIT

EXPLANATION OF CERTIFICATION

We have answered in the affirmative the question related to our public file documents, as those documents are now in existence. We hereby explain our answer.

We have uploaded all but one of our issues/programs lists for the current license term for KCRN formerly KLIM), April 1, 2018 to the present (our most recent renewal application, File No. BR-20171201AFF was granted on April 2, 2018). An original issues/programs list for the first quarter of 2019 was missing. We have reconstructed this list and have uploaded them to our on-line public file in the course of preparing this application.

We regret this and hereby commit to timely uploading of public file documents in our on-line public file going forward.
