

**Certification Regarding Compliance with
Section 73.3526 of the FCC's Rules During the Preceding License Term**

Applicant has reviewed its Public Inspection File to determine whether documentation required by Section 73.3526 of the FCC's Rules has been uploaded to the Public Inspection File when required. Upon review, Applicant found that:

- Some documents were not added to the station's Section 73.3613 list within 30 days of execution, as required by Section 73.3526. Applicant's most recent Biennial Ownership Report includes an updated Section 73.3613 list as of the October 1, 2019 reporting date, and the station has uploaded a supplemental list to account for Section 73.3613 documents executed since that time.
- The Quarterly Issues & Programs List for the Second - Fourth Quarters of 2013 and First and Second Quarters of 2014 were uploaded on April 10, 2015.
- Commercial Limits documentation for the Second - Fourth Quarters of 2013 were uploaded on March 5, 2014. The station has also recently supplemented its Commercial Limits documentation for the Second Quarter of 2014 upon discovery that the weekly log for June 16, 2014 was inadvertently omitted.
- Some political file materials were not uploaded within one business day of receiving the request for time.

Applicant will provide additional training to station staff to ensure all required documents are timely uploaded to the Public Inspection File in the future.
