

## **STATEMENT CONCERNNG FCC AUCTIONS**

KAJK(FM)'s original construction permit (File No. BNPH-20041230AAI) was granted on March 3, 2005 as the result of FM Auction #37.

KGXX(FM)'s original construction permit (File No. BNPH-20091019ABO) was granted on November 24, 2009 as the result of FM Auction #79.

As more than five years have passed since the construction permits of both stations were granted, the FCC auction "unjust enrichment" rules are not implicated by this application.
