

MULTIPLE OWNERSHIP SHOWING

Independence Rock Media, LLC (IRM) has reached agreements with the widow of the late broadcaster Tom F. Huth to acquire a total of nine primary broadcast stations that operate in four separate markets:

Red Bluff-Gerber, California (Tehama County):

1. KBLF(AM), Red Bluff, California, FIN 48853
2. KRAC(AM), Red Bluff, California, FIN 54978
3. KTOR(FM), Gerber, California, FIN 82891

Susanville, California (Lassen County):

1. KAJK(FM), Susanville, California, FIN 162465
2. KGXX(FM), Susanville, California, FIN 183357
3. KLZN(AM), Susanville, California, FIN 160277

Hamilton City-Concow, California (Glenn and Butte Counties):

1. KHEX(FM), Concow, California, FIN 31618
2. KEGE(FM), Hamilton City, California, FIN 164155

Willows, California (Glenn County):

1. KIQS(AM), Willows, California, FIN 34941

There is attached as Figure A a map of northern California prepared by engineering consultant Kevin Youngers of Greeley, Colorado which shows the city-

grade contours of these nine stations, that shows the four separate market areas. Tehama, Lassen and Glenn Counties are outside Nielsen rated “radio metro markets”. Butte County is in the Nielsen-defined Chico, California radio metro market.

The Hamilton City-Concow market appears to implicate both methods of determining a radio market under FCC rules and policies. Neither KEGE nor KHEX appears to have a city-grade contour which includes the city of Chico, and KHEX is licensed to Hamilton City, which is in Glenn County, which is believed not to be in any Nielsen-radio market. Therefore, we hereby demonstrate that IRM’s acquisition of KEGE and KHEX comply with both the city-grade contour overlap method and also with the Nielsen radio metro market method, as Butte County comprises the Chico radio metro market.

We attach as Figure B a map which shows the contours of primary radio stations that overlap with the stations IRM seeks to acquire in the Hamilton City-Concow market (defined by the city-grade contours of KEGE and KHEX). There are at least ten such primary stations licensed to third parties which have city-grade contour overlap with either KAJK, KGXX and/or KLZN :

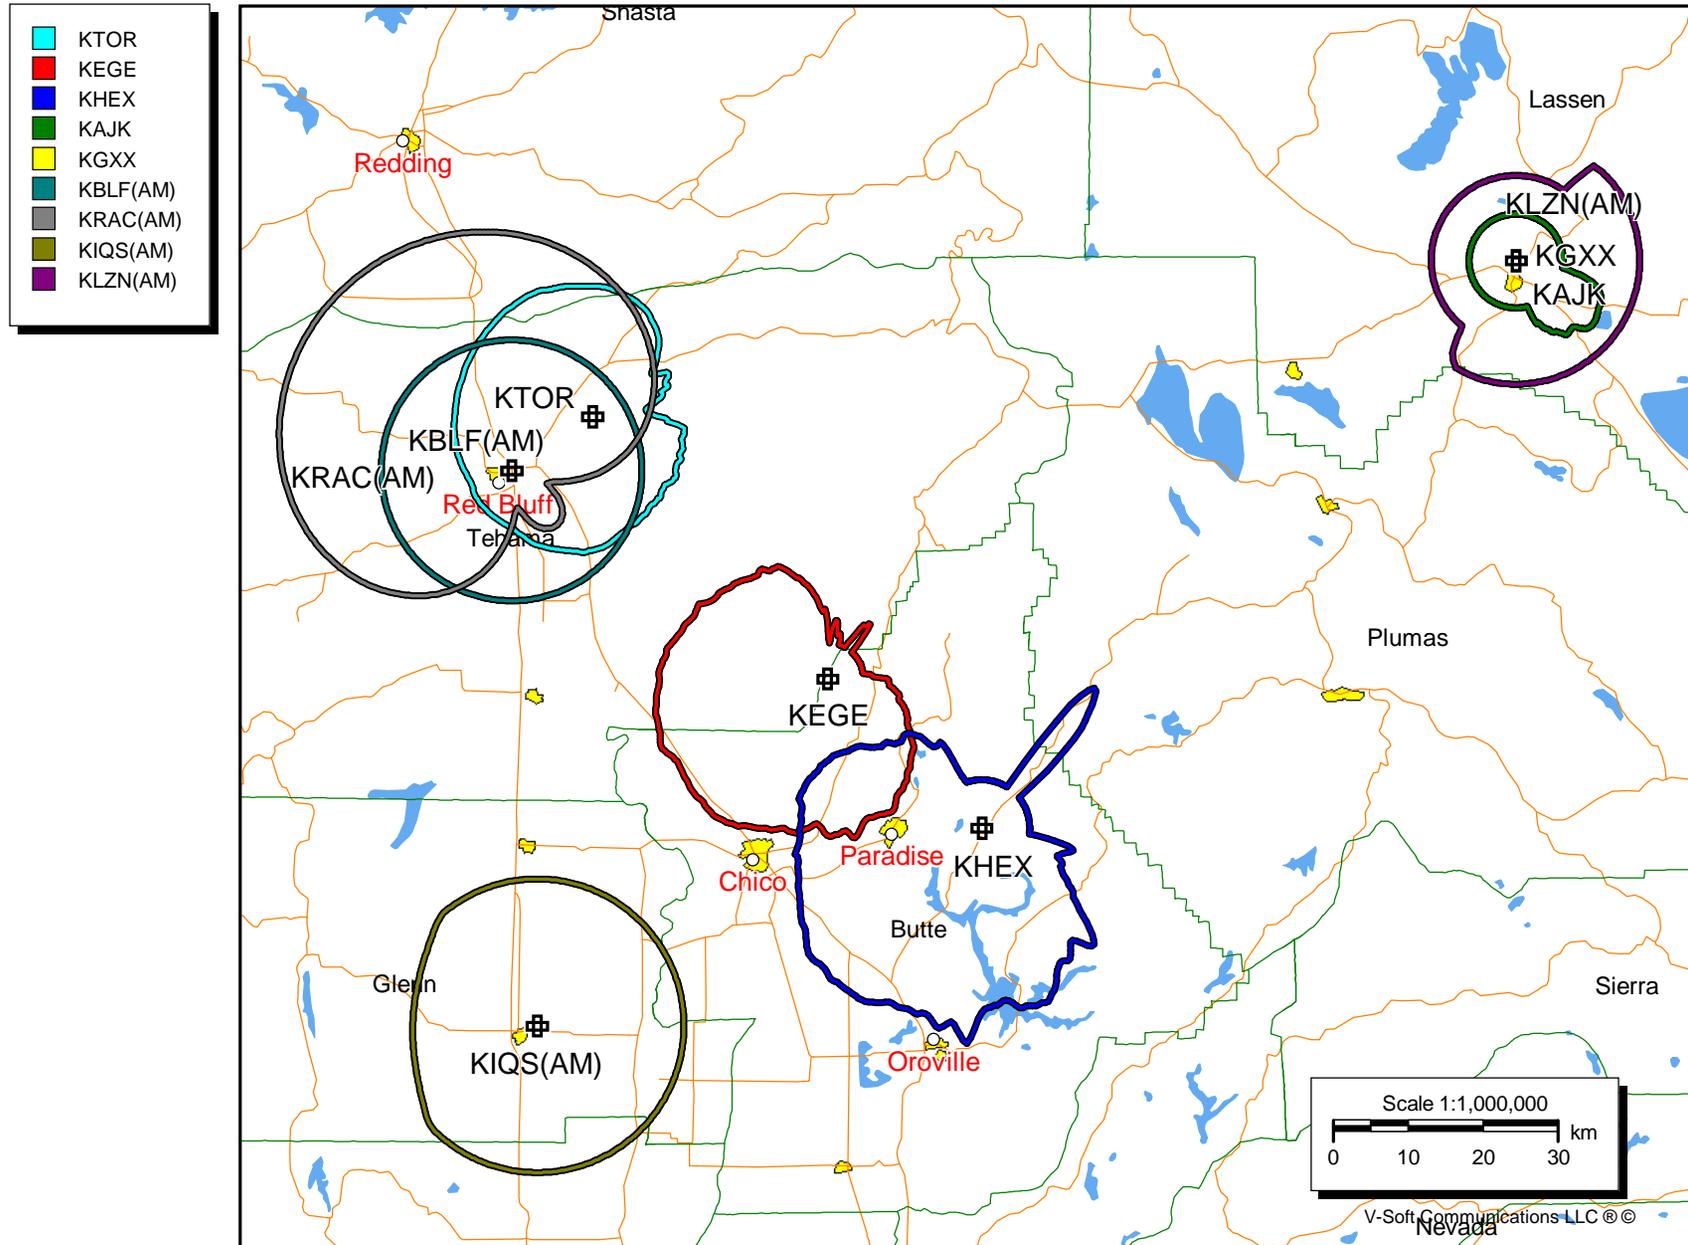

Call Letters	Frequency	Service	FIN	City (all CA)	Licensee
KKXX	930 kHz	AM	7909	Paradise	Butte Broadcasting Co., Inc.
KPAY	1290 kHz	AM	22975	Chico	Deer Creek Broadcasting, LLC
KHAP	89.1 MHz	FM	20732	Chico	Family Stations, Inc.
KZFR	90.1 MHz	FM	24541	Chico	Golden Valley Community B/cstrs
KCHO	91.7 MHz	FM	68938	Chico	Chico State U.
KBQB	92.7 MHz	FM	10813	Chico	Results Radio of Chico Licensee, LLC
KPAY-FM	93.9 MHz	FM	51637	Chico	Deer Creek Broadcasting, LLC
KMXI	95.1 MHz	FM	40843	Chico	Deer Creek Broadcasting, LLC
KZAP	96.7 MHz	FM	56714	Paradise	Deer Creek Broadcasting, LLC
KHSL-FM	103.5 MHz	FM	22974	Paradise	Deer Creek Broadcasting, LLC

The following table lists the 15 primary broadcast stations licensed to any community located within the Nielsen-defined Chico radio metro market, which is Butte County, California:

Call Letters	Frequency	Service	FIN	City (all CA)	Licensee
KKXX	930 kHz	AM	7909	Paradise	Butte Broadcasting Co., Inc.
KPAY	1290 kHz	AM	22975	Chico	Deer Creek Broadcasting, LLC
KPYV	1340 kHz	AM	50710	Oroville	Radio Santisimo Sacramento, Inc.
KHAP	89.1 MHz	FM	20732	Chico	Family Stations, Inc.
KLVC	88.3 MHz	FM	18832	Magalia	Educational Media Foundation
KZFR	90.1 MHz	FM	24541	Chico	Golden Valley Community B/cstrs
KROV	91.1 MHz	FM	173181	Oroville	Bird Street Media Project
KCHO	91.7 MHz	FM	68938	Chico	Chico State U.
KBQB	92.7 MHz	FM	10813	Chico	Results Radio of Chico Licensee, LLC
KPAY-FM	93.9 MHz	FM	51637	Chico	Deer Creek Broadcasting, LLC
KMXI	95.1 MHz	FM	40843	Chico	Deer Creek Broadcasting, LLC
KZAP	96.7 MHz	FM	56714	Paradise	Deer Creek Broadcasting, LLC
KHHZ	97.7 MHz	FM	50709	Gridley	Bustos Media Holdings, LLC
KHSL-FM	103.5 MHz	FM	22974	Paradise	Deer Creek Broadcasting, LLC
KYIX	104.9 MHz	FM	7914	South Oroville	Butte Broadcasting Company, Inc.

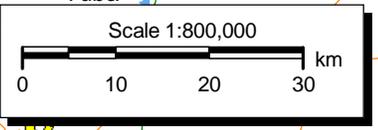

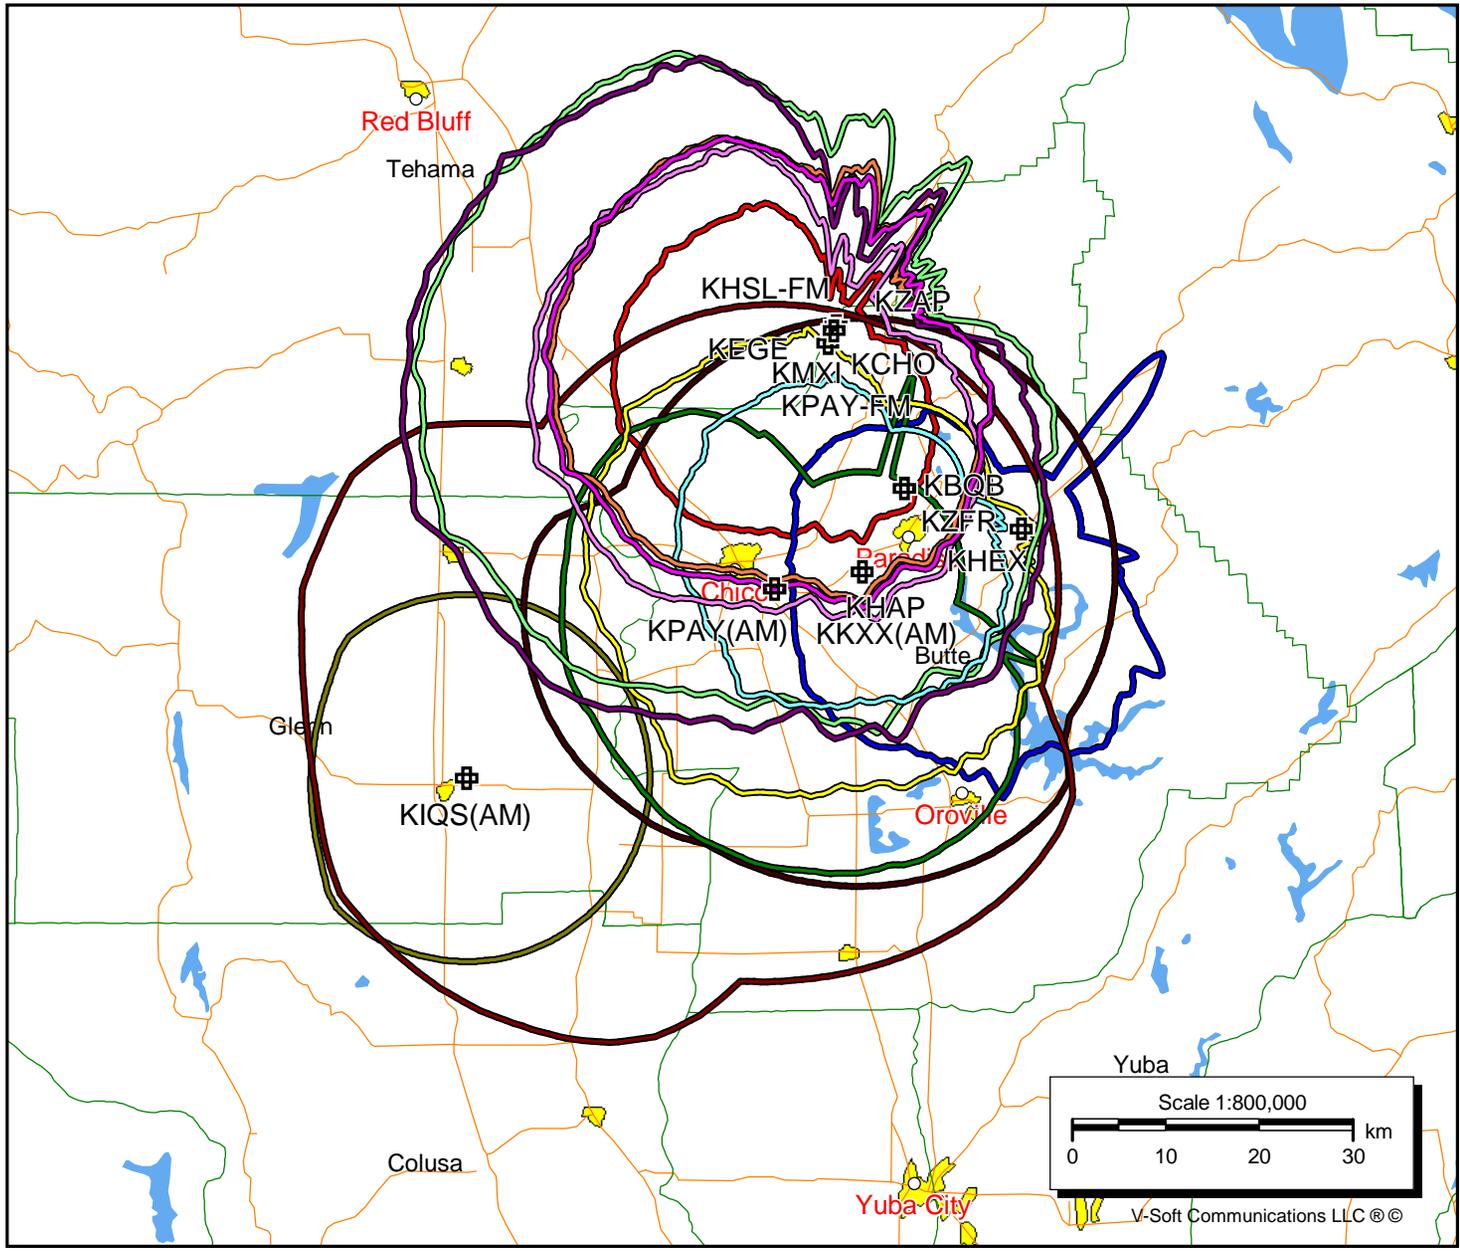

Therefore, IRM's acquisition of KEGE(FM) and KHEX(FM) complies with both Section 73.3555(a)(iii) and Section 73.3555(a)(iv), as it would only own two FM stations that serve portions of the Chico radio metro market, when it could own a maximum of 6 primary broadcast stations (4 in any one service) in said market; and in any event, IRM would own less than 50% of the radio stations if it is considered to operate in a market of 14 stations or less.
