Amendment

In satisfaction of the permit special operating condition, the warning signs shown below describing the radiofrequency electromagnetic field hazard have been posted on the roof and at all access points to the roof and at appropriate intervals at locations 20 feet from the antenna. Access to the roof and 20 feet or closer to the antenna is restricted to prevent the exposure of humans to RF emissions in excess of the FCC guidelines (OET Bulletin 65, Edition 97-01, released August 1997).
