

RESUMPTION OF NORMAL OPERATIONS NOTIFICATION

WTFX-TV

Fox Television Stations, LLC, licensee of WTFX-TV (Facility ID 51568) ("Station") hereby notifies the FCC of normal operations for the facility described in the current license (File No. 0000080320). After recently installing a replacement mask filter, on November 17, the Station had experienced an arc in its transmission system and had to reduced power to 70 kW. We have now repaired the transmission system and are currently operating at 90 kW TPO (ERP 930 kW), or 93 percent of licensed power. The Station anticipates that it will be at full licensed strength by Monday, December 21, 2020.
