

**FCC Form 2100, Schedule 303-S
K284CI, Denver, CO**

Amendment / Silent Status Update

This Amendment is being filed to update the Silent Station certification for FM Translator Station K284CI. The original license renewal application for K284CI as filed on November 30, 2020 indicated that the station was silent in connection with the assignment of the K284CI license to Rocky Mountain Public Media, Inc. and pursuant to a Silent STA filing. The applicant now reports that K284CI is currently on the air, as the station resumed broadcasting in accordance with its license on December 21, 2020. A formal notification of the resumption of operations has been separately filed with the FCC.
