Request for Further Extension of STA**

NHPB seeks extension of the grant of special temporary authority in LMS File No. 0000063744 (as extended in LMS File Nos. 0000074715, 0000093720, and 0000118588) for this displaced translator station to operate on Construction Permit (CP) Channel 36 at reduced power of 228 watts ERP while the licensee continues move forward with its build out of the full CP facilities (*see* LMS File No. 0000067834, expiring November 5, 2021). Grant of an additional extension would serve the public interest by allowing NHPB to continue to provide public service through the translator while NHPB move forward with its plans to increase power and improve public service prior to the end of the normal construction permit period.
