

The Champion Within make good WAVE

Due to a technical issue on Saturday, July 11, 2020, *The Champion Within* was joined in progress 5 minutes late. WAVE did schedule a second run of the same episode within the seven-day period on Saturday, July 18, 2020. However, WAVE was not able to promote the July 18, 2020 second run airing during the July 11, 2020 episode. I did not count the make good airing in my totals for the 3rd Quarter since the episode was not promoted. WAVE did air promotion during the regularly schedule episode of *The Champion Within* that the make good episode would be airing later the same day (Saturday, July 18, 2020).
