	Date	Type of Recruitment Initiative (Menu Selection)	Brief Description Of Activity	No. of Stations Participants	Participant Title
11	1/16/2020	Establishment of training programs for station personnel	When it comes to cybersecurity, TEGNA, like other companies, works around the clock to prevent IT security breaches and ensure the confidentiality and integrity of our business systems. All of us must be vigilant and savvy when it comes to identifying attempts to gain access to our network or confidential information. To help, TEGNA launched in annual Byte Back Security Awareness Campaign in January to help them understand TEGNA's IT standards and procedures, employee's role in keeping us safe from attacks, and how to incorporate security practices into their daily work routine. Every employee was required to take the Byte Back Challenge to test their knowledge on how they can prevent cyberattacks. The challenge is a seven-question online simulation based on the topics featured throughout the campaign.	80	Sales Marketing Manager News Director General Manager Administrative Assistant
