RE: Survey No. 7753
KQED FM Antenna Certification
Sutro Tower
1 La Avanza Street
San Francisco, CA 94131

To Whom It May Concern:

On December 21, 2020, I made a measurement of the orientation of the new directional antenna for Station KQED-FM at the subject location. Using conventional Land Surveying methods, I determined that the alignment of the eight antenna elements is within 28 minutes of the specified azimuth of 177.5 degrees.

Please let me know if you have questions or concerns,
