**Online Public Inspection File**

Oklahoma State University, licensee of noncommercial educational radio station KOSR(FM), Stillwater, Oklahoma, reports the following with regard to the timely placement of certain items into the station's public inspection file. The KOSR online public inspection file is now complete with all required items, but three (3) issues and programs lists from 2018 (2<sup>nd</sup>/3<sup>rd</sup>/4<sup>th</sup> quarters) and the 2017-18 annual EEO public file report were uploaded late to the file during the current license term. The station regrets the delay in the appearance of these reports in the online public inspection file due to an oversight, but reports that the online public file is now complete with all required materials.
