

Public File Compliance – Political File

Eagle Communications, Inc. (“Eagle”) is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two years for its stations with renewal applications due on February 1, 2021, Eagle determined that certain such stations may have failed to upload multiple orders within one business day. In addition, network and syndicated programming broadcast on certain such stations sometimes contains political advertising of which Eagle has no advance knowledge. It is Eagle’s practice to upload recordkeeping information within one business day of receipt from the network or syndicator, if it is provided.

Eagle will continue to monitor public file compliance closely going forward.
