

KVHP License Subsidiary, LLC
KVHP, Lake Charles, Louisiana (Facility ID 35852)
FCC Form 2100, Schedule 303-S
Public Inspection File

As of the date of this renewal of license application, all documents required to be uploaded to the station's public inspection file by licensee have been added thereto (Licensee acquired the Station pursuant to a long-form assignment application on August 15, 2016, see BALCDT-20160317ABE). While the licensee believes it substantially complied with the public inspection file rule during the current license term, a relatively small number of documents were uploaded after the applicable deadlines due to inadvertent administrative error.

Specifically, the Station's issues and programs reports for the fourth quarter of 2017 was uploaded late. In addition, documentation of compliance with the commercial limits in children's programming for the fourth quarters of 2017 and 2018 were each uploaded after the applicable deadlines. Licensee also notes that during much of the period covered by this license renewal application, documentation of compliance with the commercial limits in children's programming was uploaded to the "Additional Documents" folder in the Children's Programming Reports section of the online public file. In addition, licensee discovered certain political file documentation was incomplete and has supplemented those filings.
