

WCYB-TV Channel Change Application
LMS File No. 0000127663

Purpose of Amendment

Licensee hereby amends this petition to provide an updated version of the petition's engineering narrative which proposes a change in WCYB-TV's channel to channel 35 (instead of channel 30), an increase in ERP, use of a non-directional antenna, and certain other technical changes. In addition, FCC staff has requested additional information regarding the population predicted to be served by the proposed channel 35 facility versus the population served by WCYB-TV's channel 5 facility. The instant amendment provides the requested information.
