

Request for Special Temporary Authority

Ramon A. Hernandez (“RAH”), the licensee of Low Power Television Station WNTE-LD Mayaguez, Puerto Rico (“Station”), hereby requests Special Temporary Authority to operate WNTE-LD at reduced facilities (“STA”) under the parameters of expired STA 0000114187

The Station resumed operations with reduced facilities on May 9, 2019, and is in the process of construction of the full power channel 30 LPTV facilities, construction that is taking additional time due to the unprecedented series of events affecting Puerto Rico, including Puerto Rico entering bankruptcy in 2017, Hurricane Maria in September 2017, a series of earthquakes that commenced in December 2019, and the ongoing Covid-19 pandemic, natural disasters that have disrupted the Puerto Rico economy and the operation of Low Power TV station WNTE-LD.

Therefore, RAH requests an STA to continue providing service with reduced facilities for six months.
