

The purpose of this amendment is to change the answer to the Online Public Inspection File question from “no” to “yes.” The licensee mistakenly answered “no” when it filed the original application. Also, as disclosed in the original application, Tampa Radio, Inc. recently purchased Stations WRXB(AM), St. Petersburg Beach, FL and W241DH, Bradenton, FL. The transaction was consummated on September 26, 2019. Therefore, Tampa Radio’s answers to the questions on the renewal application apply to the period commencing on September 26, 2019.
