

**Amendment Exhibit**  
**Fraser Valley Community Media, Inc.**

Fraser Valley Community Media, Inc. submits this amendment to the KFFR(FM) renewal application to correct the certifications for the Ownership, Online Public Inspection File, and Adherence to Minimum Operating Schedule questions. The certifications have been changed from “Yes,” as they were inadvertently selected to “N/A” for the Ownership question and “No” for the Online Public Inspection File and Adherence to Minimum Operating Schedule questions. This amendment adds an explanatory exhibit for the Adherence to Minimum Operating Schedule certification. The application was previously amended to provide the explanation relating to the online public inspection file.
