

FCC Form 303-S
Ownership Certification Exhibit

The Station has answered "Yes" to the question regarding the Station's compliance with the ownership limits found in 47 CFR Section 73.3555, because, as explained below, Licensee's cross-ownership interests comply with the Commission's rules. However, in an abundance of caution, the Station submits this explanation of the Licensee's parent's current newspaper/broadcast cross-ownership holdings, which have been a grandfathered combination since 1975.

The parent company of Licensee WPSD-TV, LLC is Paxton Media Group, which has an attributable interest in WPSD-TV as well as WFKN-AM and numerous daily newspapers, including, among others, The Paducah Sun. The Commission previously approved Paxton Media Group's newspaper/broadcast cross-ownership when it first promulgated the newspaper/broadcast cross-ownership rule in 1975. Because Paxton Media Group's newspaper/broadcast cross-ownership holdings have been grandfathered since 1975, the Licensee is in compliance with the Commission's rules.
