Dear Permittee,

This concerns the above-referenced applications for extension of time to complete construction of digital low power television stations. We are unable to process the extension without additional information. Therefore, please provide the following information **for each station**: a detailed timeline plan of how and when you expect to complete construction and begin operations.

Please file the above-outlined information in the form of an amendment to each of the extensions. Failure to submit this information within 30 days of the date of this letter will result in the dismissal of the extensions and cancellation of the construction permits.

For questions or additional information on this matter, please contact Shaun Maher, Video Division, Media Bureau at 202-418-2324 or [Shaun.Maher@fcc.gov](mailto:Shaun.Maher@fcc.gov) or Mohan Simon, Video Division, Media Bureau at 202-418-7010 or [Mohan.Simon@fcc.gov](mailto:Mohan.Simon@fcc.gov).

Sincerely,

/s/
