**SUPPLEMENTAL EXHIBIT FOR PROPOSED FACILITY CHANGE**

The purpose of the application to which this exhibit is attached is to move the location of the existing transmission facility to a different site. The new location is within the prescribed 30 mile distance limit according to the FCC distance and bearing tool found on the FCC website. The antenna radiation center and ERP are also changing.

Sincerely,

A handwritten signature in black ink that reads "Gregory Best, PE". The signature is written in a cursive style with a horizontal line through the middle of the letters.

Consulting Engineer
