

FCC Renewal of License Application

Station WBXI-CD; FCC Facility ID Number 70416; Indianapolis, Indiana

EEO Program / Public File Report

- WBXI-CD's station employment unit has fewer than five full-time employees and thus is not required to prepare and file an annual EEO public file report.

Online Public Inspection File Exhibit

- With regard to the records regarding compliance with the children's television commercial limits: (i) the records for the second quarter of 2014 were late filed on February 13, 2015 (unfortunately the person responsible for this filing passed away in November 2015 leaving the reason(s) unknown) and (ii) the records for the third quarter 2016 were uploaded 1 day late (apparently due to a misunderstanding of the internal approval process).
- The Issues/Programs list and the records regarding compliance with the children's television commercial limits for the fourth quarter 2015 were filed on January 11, 2016 as January 10, 2016 was a Sunday.
