

WALV-CD
2021 License Renewal Application

Public Inspection File

WALV-CD certifies that, with the exception of a brief 35-day period in 2019 (see STA LMS 0000086877), it has continued to broadcast a minimum of 18 hours per day and an average of 3 hours per week of locally produced programming each quarter. However, many of the 2013 and 2014 Class A Continuing Eligibility Certifications were removed from the station's public inspection file (see the excerpt from the station's Public Inspection File History below). To the best of our knowledge the certificates 2013 and 2014 quarterly certifications were uploaded to the PIF in a timely manner.
