

**STATEMENT RE SILENT PERIODS**

WGSE-LP was off the air from January 1, 2020 until March 4, 2020. The station went silent again on August 14, 2020 and remains silent as of April 2, 2021.

Records for silent periods during the previous license term that began on February 1, 2012, cannot be located. The licensee's president, Victor Seralde, cannot recall the exact dates when the station went off the air and then returned to the air. However, he is certain that no silent period lasted for any period of 12 consecutive months.

This statement is given under the penalty of perjury.

A handwritten signature in black ink, appearing to read "Victor M. Seralde", is written over a horizontal line.
