

**Online Public Inspection File**

During the most recent license renewal period, Truth Broadcasting Corporation (“Licensee”), licensee of KUTR(AM), Taylorsville, Utah (Facility ID No. 129372) (“KUTR”), failed to comply with certain Online Public Inspection File (“OPIF”) requirements with respect to KUTR. While Licensee believes that it substantially complied with the Commission’s OPIF rules during KUTR’s most recent license term, several documents were uploaded after the applicable deadlines:

**Issues/Programs Lists.** Licensee failed to upload several of KUTR’s Quarterly Issues/Programs Lists to KUTR’s OPIF by the requisite deadlines.

**Section 73.3613 Documents List.** Licensee failed to upload a list of the requisite documents pursuant to Section 73.3613 of the Commission’s rules to KUTR’s OPIF by the requisite deadline.

**2014 EEO Audit Letters.** Licensee failed to upload the 2014 FCC EEO Audit Letter, its response, and the FCC’s clearance letter, to KUTR’s OPIF by the requisite deadline.

As of the date of this license renewal application, Licensee believes that all documents required to be uploaded to KUTR’s OPIF have been added thereto.
