

JUSTIFICATION FOR REQUEST FOR SILENT AUTHORITY STA

By this filing, the licensee is requesting Commission authority to extend the “Silent STA” that the Commission granted in October 2020 (File No. 0000124050). As explained in the initial Silent STA request, the station temporarily suspended operations on September 25, 2020 as it prepares to implement new facilities on its post-repack channel. The licensee will advise the Commission when operations have been restored, either on the station’s current channel or on its post-repack channel.
