

STATEMENT FOR THE RECORD

El Sembrador Ministries acquired the license for KMES(AM) (formerly KLO(AM)) from an unrelated assignor, KLO Broadcasting Co., on October 13, 2020, pursuant to consent granted by the FCC on September 29, 2020 in File No. BAL-20200721AAC. El Sembrador Ministries converted KMES(AM) from commercial to non-commercial educational status by an FCC Form 302-AM application, File No. BML-20200817AAH, granted October 23, 2020.

Therefore, the representations made in this application pertain only to the period between October 13, 2020 and the date of certification of this application.

With respect to the ownership report question in the application, we have answered in the affirmative because we have filed a post-closing ownership report for KMES. We will file a biennial ownership report at the next window to do so, which will be subsequent to October 1, 2021.
