**Online Public Inspection File**

Northern Arizona University, licensee of noncommercial educational radio station KNAQ(FM), Prescott, Arizona, reports the following with regard to the timely placement of certain items into the station's public inspection file. The KNAQ online public inspection file is now complete with all required items, but two (2) quarterly issues and programs lists (for 2020 Q1, 2019 Q3) were uploaded a few months late to the file during the current license term due to an oversight. However, as soon as KNAQ became aware of the issues it moved these items into the station's online public inspection file as required. KNAQ regrets the delay in the appearance of these items in the online public inspection file, but believes that the station's online public file is now complete and includes all required materials.
