**Online Public Inspection File**

Out of an abundance of caution, Regents of New Mexico State University, licensee of noncommercial educational radio station KRWG(FM), Las Cruces, New Mexico, reports the following with regard to the timely placement of certain items into the station's public inspection file. The KRWG online public inspection file is now complete with all required items, and its 2013 (3<sup>rd</sup>/4<sup>th</sup> quarter) and 2014 quarterly issues and programs lists were completed and added to the KRWG paper public file when due (and have since been uploaded to the new online public file), but those items were not transferred to the online public inspection file as of the deadline to complete the online public file conversion.
