

## W260DV 99.9 DALLAS APPLICATION INFORMATION

This application proposes to modify LMS file 0000140928, the W260DV License. This application proposes a different height, location, and antenna. Included as an exhibit is a map showing that this proposed location's 60 dBu contour overlaps the current Licensed 60 dBu contour of W260DV. As such, a Minor Change is allowable.

It should be noted that this FM Translator proposal will rebroadcast commercial AM station WGMF, Nanticoke, PA (Fac. ID number 59757).

It should also be noted that this proposal relies on granted LMS assignment application 0000140198 to assign W223CC, Wilkes-Barre, PA (Fac. ID number 139590) and change its Primary Station to WKRZ-HD3, Freeland, PA (Fac. ID number 34379). This W223CC change of Primary station is required not to cause a violation of the FCC's multiple translator at the same location rules. A license to cover for this W260DV proposal cannot be filed until the W223CC assignment is consummated and W223CC's primary station is changed to WKRZ-HD3.
